## **Models - 324CM & 348CM**

The **Stinger Model 324-CM** and **348-CM** Pipe Cutting Machine is designed for high production pipe cutting. All operations are controlled by a single person from our easy-to-use console. Both Oxy-Fuel and Plasma torch cutting systems are available. Also, single and dual torch options allow perfect weld-ready bevels every time. Custom conveyors for cutting, positioning, loading and unloading pipe are available to create the system that best fits your application. Optional attachment for quick and easy contour cuts are a great way to produce saddles, risers, miters and more.
