### **Model - 6 X 6**

**The Stinger Model 6 X 6 Manipulator** is mounted on a 43" wide x 45-1/2" length high rolling base. It has a 6' (72") lift height with a 39" minimum center line of boom off floor and an 112" maximum center line boom off floor. The boom stroke is 6' (72") with standard hand wheel and 5'4" (64") w/optional motorized boom. The column is mounted on a heavy duty slowing bearing giving a 360 degree manual column rotation. The rolling base has V-groove wheels to allow base mounted on track. Manipulator requires 120 volt, 60 cycle, single phase, 15 amp of input power, wired to conform to NECS.

#### **Includes**
